

Hosting Nation Announces Acquisition of Domains With Us and Hosting With Us

March 10th, 2009 - PARKSVILLE, BC and ATCHISON, KS - Hosting Nation announced that they have completed an agreement with WebCom Resources to acquire Hosting With Us and Domains With Us. The acquisition marks a major step in Hosting Nation's expansion into the American market.

The recently finalized acquisition deal between WebCom Resources of Atchinson, KS and Hosting Nation Data Inc. has been in the works for several weeks. Elizabeth Turner, owner of WebCom Resources states "We are excited about Hosting Nation continuing our vision of quality service and excellent customer support. We chose them because of their focus on customer relationships and their firm understanding and long experience in the web hosting industry."

The acquisition strengthens Hosting Nation's position as a legitimate player in the North American web hosting industry. "We have put a lot of energy into grass roots marketing efforts," says Rick "but it's always been a part of our plan to expand internationally. This was a great way to quickly establish a presence in the US while remaining focused on our commitment to customer relationships and support".
