Hosting Nation Data Inc. to donate 50% of Web Hosting fees to Central and North Island BC SPCA.

Hosting Nation Data Inc., a web hosting company in Parksville, BC, will be donating 50% of hosting fees generated during the months of February and March to Vancouver Island BC SPCA organizations.

(January 28th, 2009 - Parksville, British Columbia) Starting on February 1st, 2009, Hosting Nation Data Inc. is calling on businesses and individuals from the Central and North Vancouver Island regions to help raise funds for regional BC SPCA organizations in Nanaimo, Parksville/Qualicum, Port Alberni, Comox and Campbell River. Their goal is to raise $10,000.00 in donations by March 31st. They'll achieve it by donating one half of all hosting fees from new clients signed up during this period.

Their web hosting plan costs just over $100.00 CAD per year, which means approximately $50.00 from every new hosting account will go to the BC SPCA. In total, they require a total of 200 new annual accounts to reach their donation goal of $10,000.00 by the deadline. To help facilitate the transfer, Hosting Nation has pledged to honour any time remaining on current hosting packages transferred before the end of the promotion by providing a credit for those who switch.

To participate in the promotion and help raise money for the BC SPCA, visit www.hosting-nation.ca/spca. You can also call them at 1.877.291.7578 or drop by their office at 201-160 Corfield Street in Parksville.
